Telephone 340

We are now earrying "open stock" decoration A 4867 to the Royal Minton. This pattern is the most famous of all the English bone chinas, its popularity being worldwide. The decoration is all hand work, raised enamel in beautiful floral and conventional combination giving a variety or righly blended coloring. Bone china is noted for its non-chipping qualities, on account of the large percentage of bone dust in its composition.

'Pape's Diapepsin' is the only real stomach regulator known.

"Really does" put bad stomachs in order—"really does" overcome indigeation. dyspepsis, gas, heartburn and sourness in fire minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat forments into stubborn lumps, you belich gas and eructate sour, undigested food and acid; head is disry and achies; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.
